

WILDLIFE RECORDING INFORMATION SHEET

The Society's official recording area is the whole of Vice-counties 33 (East Gloucestershire) and 34 (West Gloucestershire). However, for practical purposes, certain County Recorders only cover the administrative county of Gloucestershire, comprising the districts of Cotswold, Stroud, Forest of Dean, Cheltenham, Gloucester and Tewkesbury, since the Bristol Naturalists' Society covers the Unitary Authority of South Gloucestershire and the City of Bristol (further details available from the individual recorders as listed below).

The Society welcomes observations and records from members and others. All records are valuable in building up a picture of the present status and distribution of wildlife in the county whether the species is common or rare.

The following information should be supplied:

- * Species name.
 - * Where seen. Give the name of the location, preferably using names on the 1:50000/1:25000 Ordnance Survey maps, plus a six figure map reference. If in doubt include a sketch map of the site. For sightings in the Cotswold Water Park observers are asked to quote the official County Council pit numbers whenever possible.
 - * Date.
 - * Observer's name and address.
- Also useful:
- * Number or abundance.
 - * Habitat.
 - * Where appropriate a description of the species or a note of how identification was made including details of any guidebook used.
 - * Any other relevant information.

Under the Data Protection Act the GNS advises members and other observers that their personal details (name, address, telephone number, email address) will be stored, either on paper or electronically, as part of the Society's recording system. These details will not be passed on, or sold, to third parties with the exception of the Gloucestershire Centre for Environmental Records, subject to the Memorandum of Understanding between the two organisations. Should the observer wish that certain parts of a record remain confidential (e.g. for reasons such as sensitive species, sensitive site, restriction of access to land, anonymity), they should clearly mark the record as confidential and discuss the matter with the County Recorder, stating their reasons.

Details of checklists and other GNS-published articles are available on the website and in The Gloucestershire Naturalist.

The following pages have the County Recorders' contact details.

GNS COUNTY RECORDERS' CONTACT DETAILS

BIRDS: Richard Baatsen (01452 740161); email: Richard.baatsen@gmail.com.

For those observers who are reporting a county rarity or BBRC species, the appropriate forms can be obtained from the Recorder; a guidance document listing all the species that require detailed descriptions is also available; submission of records by email preferred. The GNS website has a recording form, showing all required information, that can be printed off.

MAMMALS: John Field, c/o Gloucestershire Wildlife Trust, Conservation Centre, Robinswood Hill Country Park, Reservoir Road, Gloucester GL4 6SX (01452 383333);
email: john.field@gloucestershirewildlifetrust.co.uk
Gloucestershire Bat Group Recorder: David Wells email: david@pitchwood.org.uk

REPTILES & AMPHIBIANS: David Dewsbury (01594 832068);
email: david.dewsbury@btinternet.com

FISH: Pete Bradshaw; email: petebradshaw1@btinternet.com

INVERTEBRATES: (apart from those dealt with by recorders for specific groups) :
David Scott-Langley (01285 659631); email: dscottlangley@hotmail.co.uk

ANTS, BEES & WASPS: Tony Taylor (01452 728734);
email: taylor.ant@outlook.com

BETTERLES (other than Ladybirds), BARKFLIES, WOODLICE, CENTIPEDES, MILLIPEDES, HARVESTMEN, FALSE SCORPIONS, LACEWINGS, SPRINGTAILS & FRESHWATER INVERTEBRATES: David Scott-Langley; email: dscottlangley@hotmail.co.uk.

BUTTERFLIES: Chris Wiltshire (01453 545509);
email: butterfly-recorder@gloucestershirebutterflies.org.uk
Vic Polley, Assistant Recorder, mvicpolley@tiscali.co.uk

MOLLUSCS: John Fleming; email: johnfleming2012@hotmail.co.uk

MOTHS:

V-c 33 East Gloucestershire: Robert Homan (01242 235408); email: theapiary@hotmail.com

V-c 34 West Gloucestershire (west of the Severn): Michael Bradley (01531 822315);
email: michaelw1184w@hotmail.co.uk .

V-c 34 West Gloucestershire (east of the Severn): Neale Jordan-Mellersh (0117 9854730);
email: sneale48@hotmail.co.uk

Online distribution maps and additional information for Gloucestershire moths can be found at
<http://www.gloucestershire-butterflies.org.uk/moths/mothmap.html>

DRAGONFLIES: Ingrid Twissell (01452 714413); email: canditwissell@btinternet.com

GRASSHOPPERS, BUSH-CRICKETS, EARWIGS, & COCKROACHES, BUGS (HEMIPTERA):
John Widgery (01242 673873); email: johnwidgery@waitrose.com

MECOPTERA (Scorpionflies): Martin Matthews; email: martmatt@btinternet.com

CRAYFISH: John Field, c/o Gloucestershire Wildlife Trust, Conservation Centre, Robinswood Hill Country Park, Reservoir Road, Gloucester GL4 6SX (01452 383333); email: john.field@gloucestershirewildlifetrust.co.uk

FRESHWATER TRICLADS: Larry Bellamy (01594 516420); email: lar.amy@btinternet.com

FLOWERING PLANTS, FERNS & STONEWORTS:

Mark and Clare Kitchen (01453 810958); email: clareandmarkplants@yahoo.co.uk

MOSESSES AND LIVERWORTS: Peter Martin (01666 503791); email: petergmartin@btinternet.com

FUNGI:

V-c 33 East Gloucestershire and Cotswold Fungus Group;

email: recorder@cotswoldfungusgroup.com .

V-c 34 West Gloucestershire and Dean Fungus Group, John Holden (01594 39445); email:

myxomage@icloud.com; website: www.deanfungusgroup.com

LICHENS: Juliet Bailey email: glos.lichens@gmail.com; website: <http://gloslichens.potsherd.net>

PLANT GALLS: Robert Homan (01242 235408) email: theapiary@hotmail.com

ONLINE RECORDING

The online county wildlife recording system at www.universalquestions.com/nature covers Birds, Butterflies, Dragonflies and Damselflies, Mammals, and Orchids. It is a straightforward way of getting sightings from your desktop directly to the County Recorders. After a simple registration procedure, you can start recording straight away and you can log back into the website at any time.

NEW COUNTY RECORDERS

The Society is always looking for new County Recorders to fill vacant positions (particularly SPIDERS, flies not covered above, and FRESHWATER FAUNA) or to cover groups not listed above, no matter how obscure. Anyone willing to undertake these tasks or to organise (or help organise) surveys in the county is invited to contact Juliet Bailey (Chairman, GNS Scientific & Publications Sub-committee), glos.lichens@gmail.com

OTHER USEFUL CONTACTS AND ADDRESSES

Gloucestershire Naturalists' Society Chairman

Mike Smart, 143 Cheltenham Road, Gloucester GL2 0JH (01452 421131);

email: smartmike143@gmail.com

Gloucestershire Naturalists' Society Membership Secretary:

Andrew Bluett, 50 Kingsmead, Abbeydale, Gloucester, GL4 5DY (01452 610085);

email: gnsmembership@btinternet.com. See also Membership page on GNS Website.

Gloucestershire Naturalists' Society Treasurer: Andy Oliver; email: treasurer@glosnats.org

Gloucestershire Naturalists' Society Library:

The Society's library is in the main house at Hartpury College. Normally open Monday-Friday, 9-5.
Phone 01452 702160 before visiting to check the room is free for use.

Editor of GNS News (general matters; appears quarterly):

Kate Kibble; email: kkibble@sky.com

Editor of The Gloucestershire Naturalist (journal of record and longer articles, appears annually):

David Scott-Langley, 19 Chesterton Grove, Cirencester, Gloucestershire GL7 1XN (01285 659631);
email: dscottlangley@hotmail.co.uk. Articles and reports for TGN should be sent to the Editor by
28 February of the year of publication. Notes for contributors and page layout are available from the
same source.

Gloucestershire Naturalists' Society Website:

www.glosnats.org for sightings, recorders, events, archives and species information.

Webmaster: Richard Beal email: richard.beal@richardbeal.com
